## PRESIDENT'S MESSAGE

To those who care we are doing it. The engineering is complete for the sewer extension to the club property and the permit has been applied for. We also have seen preliminary drawing for the new restrooms. This is exciting stuff although the process is slower than hoped. The new or replacement announcer's booth is also not moving as fast as we had wanted. The weather is a large factor in the hold up on that project. This newsletter should reach you before the first work party and many hands get lots done the list this year is heavy to building repair so bring your wood working tools. If you're not good at that kind of thing we always need trimming work around fences not to mention a post or two that need replacing. Lunch as always will be provided so come early and stay late. The club needs you.

On a more somber note the club lost an old friend last month in the passing of Dave Grandea. The man put in a great deal of time for this club. Rest in peace Dave!

Thanks,  
Paul Smyth
